

The Saratoga Soaring Association was founded in 1983 and is a group of approximately 35 licensed glider pilots that fly sailplanes at the Saratoga County Airport. The club has two gliders and a tow plane. Flight training is provided, free of charge, by the club's five FAA certified flight instructors. The club's five FAA licensed tow plane pilots keep the flight operations going on a regular schedule. In addition to the club gliders, several members have their own single seat gliders.
